APPENDIX

I-UCR Offense Codes . . . 199

Since the publication of all statistical data is a voluminous and costly undertaking, only a part of the more general information is contained herein. More specific agency information is available upon request from:

Department of Law Enforcement
Division of Support Services
Bureau of Identification
300 Armory Building
Springfield, Illinois 62706

PREFACE

In 1972, the Department of Law Enforcement received its mandate to administer the state's Uniform Crime Reporting Program. *Crime in Illinois 1979* is the eighth annual publication detailing criminal activity and related information, as reported by law enforcement agencies throughout the State to the Division of Support Services, Bureau of Identification.

The Department is particularly grateful to all participating agencies. Once again, their performance in record keeping and reporting has been outstanding.

Accurate and comprehensive statistics are vital to effective law enforcement administration and management at municipal, county and state levels. They serve the law enforcement community as a tool for assessing the dynamics of Illinois crime. Ultimately, that makes possible the planning and action to obtain maximum results with available resources.

Through the diligent efforts and cooperation of many, I am able to present the following report to the people of Illinois.

Dan K. Webb

Dan K. Webb
Director
Department of Law Enforcement

FOREWORD

Since 1972 law enforcement agencies throughout Illinois have submitted statistical data on crimes committed in their jurisdiction to the Division of Support Services. The information presented in *Crime in Illinois 1979* is an assessment of the statewide crime problem and was compiled from the monthly Uniform Crime Reports submitted by participating agencies for the year 1979.

It is hoped that this report will assist local, state, and federal criminal justice agencies in their efforts to combat crime as well as prove useful to the legislative branches of government, criminal justice planners, and the public.

i wish to express my sincere thanks to the participating law enforcement officials throughout Illinois. Without their concerned and consistent participation in the Uniform Crime Reporting program, this publication would not have been possible.

John G. Landers.

John G. Landers
Deputy Director
Division of Support Services

INTRODUCTION

THE ILLINOIS UNIFORM CRIME REPORTING PROGRAM

The Illinois Uniform Crime Reporting (I-UCR) program was developed in 1971 and implemented January 1, 1972. The I-UCR program has evolved into a program intended to meet the needs of all reporting agencies. It is an incident based reporting system designed to accomplish the following major goals:

1. To provide needed administrative statistics for law enforcement agencies.
2. To provide the Legislature with information necessary to formulate effective laws which address the crime problem.
3. To provide Illinois citizens with the most complete information on the nature and extent of crime.
4. To include comprehensive data for researchers and planners.
5. To adhere to the National Program's standards.

Reporting crime statistics is mandated by Chapter 38, Section 206-8 of the *Illinois Revised Statutes* and is quoted below:

> 206-8. Crime Statistics. 8. The Department (of Law Enforcement) shall be a central repository and custodian of crime statistics for the State and it shall have all power incident thereto to carry out the purposes of this Act, including the power to demand and receive cooperation in the submission of crime statistics from all units of government.

All reporting agencies receive monthly and quarterly summaries of the reported criminal acitivity within their jurisdictions. All offenses known to law enforcement agencies are reported monthly to the Crime Studies Section of the Bureau of Identification. Participating jurisdictions include villages, municipalities, counties, colleges, universities, park districts, railroads, hospitals, and transit authorities throughout Illinois. Agencies may also submit service codes and local ordinance data in order to provide law enforcement administrators with information for use in planning and research, manpower determination and utilization, budgeting, and the development and evaluation of crime prevention programs.

In 1979, there were 1,070 law enforcement agencies in Illinois, 712 of which reported crime statistics directly to the Bureau of Identification. The remaining agencies reported their crime statistics through an intermediary agency (Sheriff's Office, Police Department, etc.). Agencies submit their data through the use of source documents, printouts, magnetic tape, punch cards, or via remote on-line terminals. The following is a breakdown by type of agency reporting directly to the I-UCR program:

Agency Type	Number
Police Departments	533
Sheriff's Offices	102
Colleges and Universities	25
Railroads	18
Special Services	3
Park Districts	4
Hospitals	2
Illinois State Police Districts	24
Division of Criminal Investigation	1

CLASSIFICATION OF OFFENSES

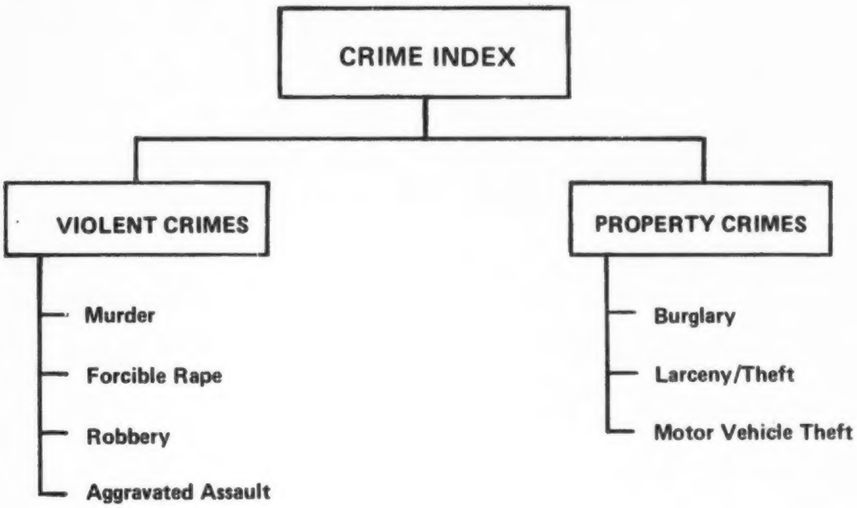
The Index Crimes, as used by the I-UCR program, and as translated into the National Program's crime index offenses, are:

1. *Murder and Voluntary Manslaughter*—The willful killing of a person or the death of a person caused by gross negligence of an indiviual other than the victim.
2. *Forcible Rape*—The carnal knowledge of a female, forcibly and against her will. This category includes attempted rape.
3. *Aggravated Assault*—The intentional causing of serious bodily harm or the intentional attempt or threat of serious bodily injury or death. In Illinois, Aggravated Assault, Aggravated Battery, and Attempted Murder are included in this category.
4. *Robbery*—The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence. Includes Attempted Robbery.
5. *Burglary*—The unlawful entry of a structure to commit a felony or theft. Includes Attempted Burglary.
6. *Theft*—The unlawful taking or stealing of property or articles without the use of force, violence, or fraud. In Illinois, this category includes Burglary From Motor Vehicle and Attempts.
7. *Motor Vehicle Theft*—The unlawful taking or stealing of a motor vehicle. Includes Attempted Motor Vehicle Theft.

The statistics utilized in this report are based on offenses which occurred between January 1, 1979, and December 31, 1979.

THE CRIME INDEX

The Crime Index is used to indicate the amount and extent of serious crimes as defined by the International Associaton of Chiefs of Police Committee on Uniform Crime Reports. The Crime Index consists of Violent Crimes and Property Crimes. Murder, Rape, Robbery, and Aggravated Assault are classified as Violent Crimes. Burglary, Theft, and Motor Vehicle Theft comprise the Property Crimes within the Crime Index. The Crime Index is the total number of Index Offenses occurring within a given jurisdiction during a specified period of time. The following illustrates the relationship of the seven Index Offenses that compile the Crime Index:



THE CRIME RATE

The Crime Rate indicates the volume of crime occurring within a given population. It is defined as the total number of Index Crimes per 100,000 inhabitants and it is calculated as follows:

$$\text{CRIME RATE} = \frac{\text{Crime Index} \times 100{,}000}{\text{Jurisdictional Population}}$$

The jurisdictional population can be that of a city, town, village, state or nation.

CONSIDERATIONS FOR INTERPRETATION

When comparing the crime statistics of one agency with another, many factors should be taken into consideration before conclusions are made. Some of the conditions affecting the type and volume of crime occurring are:

1. Density and size of the community population and the metropolitan area of which it is a part.
2. Composition of the population with reference particularly to age, sex, and race.
3. Economic status and mores of the population.
4. Stability of population, including commuters, seasonal workers, and other transient types.
5. Climate, including seasonal weather conditions.
6. Educational, recreational, and religious characteristics.
7. Effective strength of the police force.
8. Standards of appointments to the local police force.
9. Policies of local officials.
10. Attitudes and policies of the courts and corrections.
11. Attitudes of the public toward law enforcement problems.
12. Administrative and investigative efficiency of law enforcement, including the degree of adherence of crime reporting and standards.
13. Organization and cooperation of adjoining and overlapping police jurisdictions.[1]

STATE SUMMARY

As discussed in the introduction, the Crime Index consists of seven statistical classifications as defined by the National Program. The relationship between the Illinois Uniform Crime Reporting offense classifications and the National Program's offense classification is illustrated below:

Crime Index Offenses

	ILLINOIS CLASSIFICATIONS	FBI-UCR CLASSIFICATIONS
VIOLENT CRIMES	Murder (Chapter 38-9-1) Voluntary Manslaughter (Chapter 38-9-2)	Murder & Non-negligent Manslaughter
	Rape (Chapter 38-11-1)	Forcible Rape
	Robbery (Chapter 38-18-1) Armed Robbery (Chapter 38-18-2)	Robbery
	Attempted Murder (Chapter 38-8-4) Aggravated Assault (Chapter 38-12-2) Aggravated Battery (Chapter 38-12-4)	Aggravated Assault
PROPERTY CRIMES	Burglary (Chapter 38-19-1)	Burglary
	Theft (Chapter 38-16-1) Burglary From Auto (Chapter 38-19-1)	Larceny/Theft
	Vehicle Theft (Chapter 38-16-1)	Vehicle Theft

The data presented represents offenses reported by the 1,070 law enforcement agencies in the State; 712 of which report directly to the Bureau of Identification and 358 small departments that report through the Sheriffs' Offices.

It should be noted that the manner in which the 1979 Crime Index data is presented has changed slightly.

All totals shown for each category of offense or offense grouping reflects data reported by Sheriffs' Offices, Police Departments, Colleges and Universities throughout Illinois. It does not include offense data reported by the Illinois State Police as presented in *Crime in Illinois* (1978).

Figure 1, shown on page 4, illustrates the population trends for Illinois since 1810. The population figures are the basis for computing the Crime Rate and therefore become a Consideration for Interpretation as explained on page 2.

Table 1 details the total Crime Index for 1979 and includes for comparison, figures reported from 1977.

The Crime Index increased in volume in 1979, as compared to 1978. A total of 573,947 Crime Index Offenses were reported in 1979 as compared to the 547,021 Crime Index Offenses reported in 1978, an increase of 4.9 percent. Violent Crimes, or Crimes Against Persons, accounted for 53,531 Index Offenses, or 9.3 percent of the total. This is an increase of 4.6 percent over the volume of Violent Crimes reported in 1978. Crimes Against Property totaled 520,416 offenses or 90.7 percent of the total Crime Index. The number of Crimes Against Property represents an increase of 5.0 percent when compared to the 1978 total of 495,863.

The Crime Rate for each Index Offense is also illustrated in Table 1. The Crime Rate per 100,000 inhabitants for all Crime Index Offenses increased by 4.9 percent when compared to 1978. The category of Forcible Rape increased the most in its Crime Rate per 100,000 inhabitants of the Crime Index Offenses in 1979; this crime classification's Crime Rate increased by 22.3 percent. The category of Robbery showed the greatest decrease in the Crime Rate per 100,000 inhabitants, a figure of minus 3.6 percent. Further details are illustrated in Table 1.

A detailed look at each of the Crime Index Offenses follows the collected data on Crime Index Arrests. Each of the Crime Index Offenses is defined according to the *Illinois Revised Statutes*, 1978, in the glossary.

Table 1
CRIME INDEX OFFENSES

INDEX OFFENSES	YEAR	NUMBER OF OFFENSES	% VOLUME CHANGE	RATE PER 100,000	% CHANGE

Crime Rate = Crime Index per 100,000 population.

CRIME INDEX ARRESTS

There were 122,481 persons arrested for Crime Index Offenses in 1979. This total represents an increase of 1.4 percent as compared to the number of persons arrested in 1978. Adults arrested accounted for 63.2 percent of the total and juveniles accounted for 36.8 percent. Males arrested represented 81.3 percent while females represented 18.7 percent of the total. Whites arrested for Index Crimes totaled 57,505 or 47.0 percent, Negros arrested 57,522 or 47.0 percent, and all other races totaled 7,454 or 6.0 percent. Table 2 details the arrest figures for Crimes Index Offenses and compares them to the 1978 arrest figures.

Table 2
CRIME INDEX ARRESTS
1978/1979

RACE

	1978	1979	% of Change
White	55,527	57,505	+ 3.6
Negro	58,348	57,522	- 1.4
Mexican	1,027	1,048	+ 2.0

CRIMES AGAINST PERSONS

The Violent Crimes, or Crimes Against Persons, consist of Murder and Voluntary Manslaughter, Forcible Rape, Robbery, Aggravated Assault, Aggravated Battery, and Attempted Murder. A total of 53,531 Violent Crimes were reported in 1979. Chart 2 depicts the comparison trend and specific date of Crimes Against Persons beginning with the year 1970. In 1979, Violent Crimes increased in volume by 4.6 percent as compared to 1978 when 51,158 Violent Crimes were reported. Crimes Against Persons accounted for 8.9 percent of the total Crime Index. Each of the Violent Crimes will be presented separately in this section, following a review of the data on persons arrested for Violent Crimes.

Chart 2

1979	11,243,000	0.00	53,531	+ 4.6	476.1	+ 4.6

Crime Rate = Crime Index per 100,000 population.

CRIMES AGAINST PERSONS ARRESTS

Arrests made for offenses in the Crimes Against Persons or Violent Crimes category are illustrated in Table 3. The total number of persons arrested for Violent Crimes in 1979 was 20,003 or 16.3 percent of all Index Crimes Arrests. Males arrested totaling 15,681 accounted for 78.4 percent of these arrests while females totaled 4,322 or 21.6 percent. Whites arrested accounted for 7,503 or 37.5 percent, Negroes arrested accounted for 10,964 or 54.8 percent; and all other races accounted for 1,536 or 7.7 percent of the total. The percent of change of arrests for this offense category comparing 1979 to 1978, is detailed in Table 3.

Table 3
CRIMES AGAINST PERSONS ARRESTED
1978/1979

RACE

	1978	1979	% of Change

MURDER AND VOLUNTARY MANSLAUGHTER

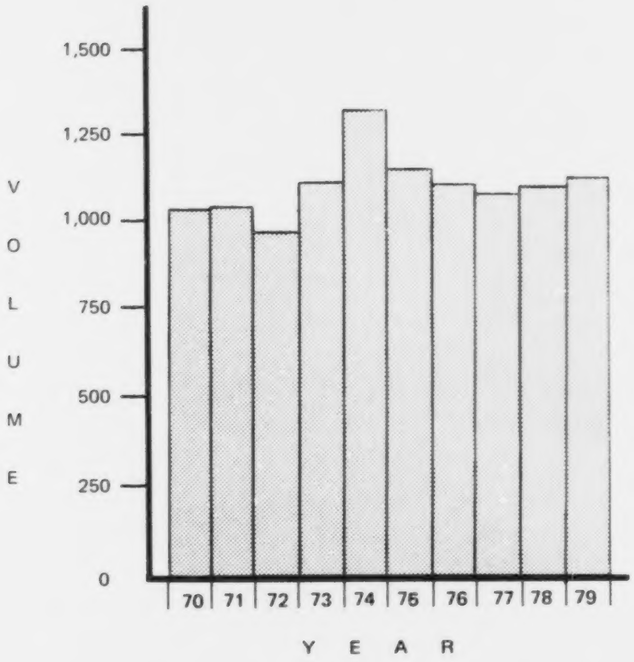
The Crime Index Offenses of Murder and Voluntary Manslaughter are merged in accordance with the National Program definition and are based solely on police investigation. Law enforcement agencies reported 1,199 of these crimes during 1979.

Some of the charts and figures illustrating data reported about Murder and Voluntary Manslaughter reflect the total 1,194. Ordinarily, homicides are reported to the I-UCR Program by local Police Departments and Sheriffs' Offices. During 1979, the Illinois State Police reported five murders. These five homicides are not included in the State totals shown on the Crime Index Report, page 67 the Standard Metropolitan Statistical Areas, page 146 and the Offense Summary, page 149.

The long-term trend of Murder and Voluntary Manslaughter is illustrated in Chart 3. The number of homicides increased by 4.2 percent as compared to 1978 when there were 1,151 reported Murders and Voluntary Manslaughters. An analysis of these two offenses indicates that Murder and Voluntary Manslaughter are difficult to prevent by law enforcement alone because the majority of the crimes are committed by persons known to the victim.

Table 4 displays the number of incidents of the Crime Index classification by month, compares the 1979 figures to 1978 figures, and illustrates the distribution of occurrence of these two offenses over the year's time span.

Chart 3
MURDER AND VOLUNTARY MANSLAUGHTER TREND



YEAR	POPULATION	% CHANGE	VOLUME	% CHANGE	CRIME RATE	% CHANGE
1970	11,113,976		1066		9.5

On the following two pages, Tables 5 and 6 are presented to further illustrate the specific data collected about the types of Murder and Voluntary Manslaughter reported during 1979 and compares the data to the 1978 figures. Table 5 is a summary of the relationship between the victim and offender and a summary of the victim's sex and race. In order to clarify the three types of relationships between the victim and offender, the following explanation is in order.

Type I is that relationship whereby the victim and the offender were part of the same family unit. This category includes common-law spouses and in-laws.

Type II is that relationship whereby the offender and victim were known to each other but were not part of the same family unit. Former spouses and homosexual relationships are included in this grouping.

Type III is that relationship whereby the victim and offender were strangers to one another or the relationship was unknown to the reporting law enforcement agency.

TYPE I VICTIM AND OFFENDER SAME FAMILY UNIT
TYPE II VICTIM AND OFFENDER KNOWN TO EACH OTHER BUT NOT SAME FAMILY UNIT
TYPE III VICTIM AND OFFENDER STRANGERS TO EACH OTHER

Table 5 indicates that the Type III relationship, in which the victim and offender were strangers to each other, accounts for 556 victims or 46.4 percent of the total. However, the number of relationships where the victim and offender were known to each other (Type II and III) totaled 643 or 53.6 percent of the total. In 151 cases, or 12.6 percent of the total, the reported relationships indicated the offender killed a member of his or her family. In 1978, the Type I relationship represented 16.8 percent, the Type II relationship represented 36.8 percent, and the Type III relationship represented 47.4 percent of the total.

In 1979, males accounted for 80.0 percent of the victims, with females accounting for 20.0 percent. Whites represented 42.5 percent of the victims, Negroes represented 55.5 percent of the victims, and all other races represented 2.0 percent of the victims. Refer to Table 5 for monthly breakdowns of these figures.

Table 6 details information concerning the type of weapon used to commit Murder and Voluntary Manslaughter in 1979 and compares the data to the 1978 figures. The handgun was used in 662 instances or 55.2 percent of all homicides. The second most frequently used weapon was the knife, which was utilized to commit 244 Murders and Voluntary Manslaughters, or 20.4 percent of the total. Further details are provided in Table 6.

BEST AVAILABLE COPY

In Table 7, a monthly breakdown of Murders and Voluntary Manslaughters reported in 1979 by situation is presented. The most frequently occurring situation is that of Single Victim/Single Offender. This situation type represents 57.2 percent of the total number of this Crime Index Offense occurring in 1979. The month of August had the highest number of Situation A types reported. Likewise, Situation F, Multiple Victims/Unknown Offender(s) represented 0.5 percent of the total, the least frequently occurring situation type during 1979.

The number of situations illustrated in Table 7 reflects the number of incidents of Murder and Voluntary Manslaughter. There were 1,199 murders in 1979; this figure is broken down into the six types of situations to detail the circumstances of these two offenses. In other words, there were 1,155 incidents of Murder and Voluntary Manslaughter in 1979, with a total of 1,199 victims. Situations D, E, and F, those with multiple victims, account for the difference between the number of Murders and Voluntary Manslaughters and the number of situations.

MURDER AND VOLUNTARY MANSLAUGHTER ARRESTS

There were 1,285 persons arrested for Murder and Voluntary Manslaughter in 1979. As Table 8 illustrates, this figure represents an increase of 2.2 percent in arrests made in 1978 for this crime category. Males arrested represented 88.5 percent of this total while females arrested represented 11.5 percent of the total. Whites arrested totaled 245 or 19.0 percent. Negroes arrested totaled 840 or 65.4 percent, and other races arrested totaled 200 or 15.6 percent of those arrested. Table 8 details these arrest figures and compares the 1979 data to that of 1978.

FORCIBLE RAPE

There were 3,279 reported Rapes in 1979. This figure represents 6.1 percent of the Violent Crimes committed and 0.6 percent of all Crime Index Offenses. Rape offenses increased by 23.3 percent from 1978. In 1978, 2,659 Rapes were reported. The Crime Rate for Rape in 1979 was 29.2 per 100,000 inhabitants. This represents an increase of 23.7 percent in the Crime Rate from 1978, which was 23.6 per 100,000 inhabitants. Chart 4 illustrates the Forcible Rape Comparison Trend since 1970. Further details about this Crime Index Offense are offered in this chart.

Crime Rate = Crime Index per 100,000 population.

FORCIBLE RAPE ARRESTS

Table 9 illustrates the arrests made for Forcible Rape during 1979 as compared to 1978. The 1,388 males arrested accounted for 99.5 percent of the total. There were 379 whites arrested, accounting for 27.2 percent of the total; 922 Negroes arrested or 66.1 percent of the total; and there were 94 persons of other races arrested, or 6.7 percent of the total. Adults arrested represented 87.0 percent of the total and juveniles arrested represented 13.0 percent of the total.

ROBBERY

Robbery, by definition, includes assault and/or battery with the intent to deprive the person of property or to commit a theft. It is considered a Violent Crime Against Persons although for reporting purposes in the Illinois UCR Program, it is scored as a property loss offense.

There were 22,101 Robberies reported in 1979, a figure which represents 41.3 percent of the Crimes Against Persons and 3.9 percent of all the Crime Index Offenses. The Robbery figures represent a decrease in volume of 3.6 percent as compared to the 1978 Robbery figures. The Crime Rate for Robbery in 1979 was 196.6 per 100,000 inhabitants. In 1978, the Crime Rate was 203.9 per 100,000 inhabitants. The 1979 figure represents a decrease of 3.6 percent in the Crime Rate. Chart 5 depicts the overall Robbery Comparison Trend since 1970.

1979	11,243,000	0.00	22,101	- 3.6	196.6	- 3.6

Crime Rate = Crime Index per 100,000 population.

Table 10 details the types of Robbery by Type of Weapon as reported to the I-UCR Program. Firearms were the most commonly used weapon, 38.5 percent of the total. The category of Strong-Arm Robbery-No Weapon Used was the second most common type of Robbery reported, representing 37.2 of the total. A Strong-Arm Robbery is one where a certain degree of force but no weapon is used to commit the crime. There were 13,007 Armed Robberies reported in 1979, not including the 423 Attempted Armed Robberies. This total of 13,007 accounts for 58.9 percent of all Robberies. Strong-Arm Robberies, not including attempts, accounted for 8,232 or 37.2 percent of the total while Attempted Robberies, Armed or Strong-Arm, totaled 862 or 3.9 percent of the total.

Table 10

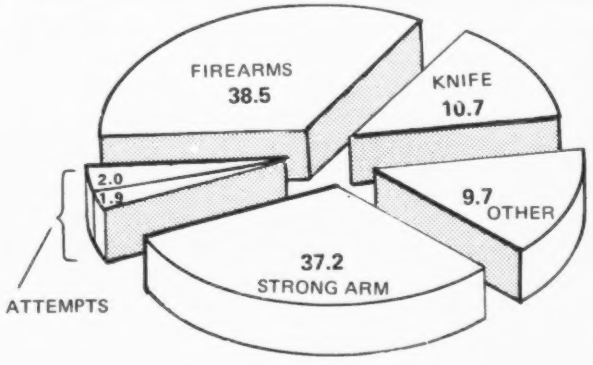
Attempt - Armed Any Weapon	423
Attempt - Strong Arm	439
TOTAL	22,101



ROBBERY ARRESTS

Table 11 displays the details of persons arrested for Robbery during 1979 and includes a comparison of 1978 figures. The 8,667 persons arrested represented a decrease of 2.1 percent from arrests made during 1978 for Robbery. Males accounted for 93.9 percent of the total while females represented 6.1 percent. Whites arrested totaled 19.9 percent, Negroes arrested totaled 71.0 percent, and all other races totaled 9.1 percent. Adults arrested for Robbery represented 67.0 percent of the total while juveniles arrested accounted for 33.0 percent.

Table 12 presents an analysis of Robbery by Place, detailing the value of property stolen, recovered, and destroyed. Most Robberies reported during 1979 occurred in highways, streets, and alleys; a total of 10,798 offenses in this place type were reported, representing 50.9 percent of the number of Robberies scored with property information. Private residences represented the second highest location, with 2,511 offenses or 11.8 percent of the total. Property involved in committing Robbery amounted to $7,667,770 in 1979. Of this total, $12,052,592 worth of property was recovered and $9,512 was destroyed.

It is important to note the discrepancy between the Crime Index Report which shows a total of 22,101 Robberies reported in 1979, and Table 12 which indicates 21,214 Robberies were reported in 1979. The difference of 887 is made up of 862 Attempted Robberies which are not included in the Analysis By Place. The remaining 25 offenses represent incidents that were reported as offenses of Robbery by law enforcement agencies but no property analysis was included along with the offense report.

NOTE- (REPORT DOES NOT INCLUDE ATTEMPTS)

AGGRAVATED ASSAULT, AGGRAVATED BATTERY, AND ATTEMPTED MURDER

These three offenses make up the Aggravated Assault category of the National Program. The offenses of simple battery, simple assault, battery or assault without intent to do great bodily harm, and reckless conduct are not included in this crime category. These other offenses are included in the I-UCR Program under a subcategory in order to be consistent with the National Program.

Aggravated Assault, Aggravated Battery, and Attempted Murder accounted for 26,952 offenses in 1979. This represents an increase in volume of 10.4 percent from 1978 when 24,418 of these offenses were reported. The offense figures of this crime category for 1979 represent 50.3 percent of the Crimes Against Persons and 4.7 percent of the Crime Index Offenses. The Crime Rate for these three offenses in 1979 was 239.7 per 100,000 inhabitants, an increase of 10.4 percent of the Crime Rate for this crime category for 1978, which was 217.2 per 100,000 inhabitants. Chart 6 further illustrates the crime trend for Aggravated Assault, Aggravated Battery, and Attempted Murder. Details of each of the three offenses can be found in the Offense Summary, beginning on page 149.

Crime Rate = Crime Index per 100,000 population.

Table 13 depicts the types of weapons used in this offense classification during 1979. The use of knives or other cutting instruments occurred most frequently, 30.9 percent of the time. The table shows a breakdown of the type of weapon used for each of the offenses compiling this Crime Index Classification. The use of firearms occurred in 26.2 percent of the cases reported. Refer to Table 13 for other weapon-related statistics.

AGGRAVATED ASSAULT, AGGRAVATED BATTERY, AND ATTEMPTED MURDER ARRESTS

In Table 14, the figures for persons arrested for this Crime Index Offense classification in 1979 are presented. The total of 8,656 accounts for 43.3 percent of the arrests made for Crimes Against Persons and 7.1 percent of arrests made for Crime Index offenses. Males arrested totaled 7,723 or 89.2 percent, while females totaled 933 or 10.8 percent. Adults represented 86.9 percent of the total, and juveniles represented 13.1 percent of the total. Table 14 indicates Whites accounted for 5,160 persons arrested, or 59.6 percent; Negroes accounted for 3,045 persons arrested, or 35.2 percent; and all other races accounted for 451 persons arrested, or 5.2 percent. The arrest figures of 1979 are compared to those of 1978 in Table 14.

CRIMES AGAINST PROPERTY

Burglary, Theft, and Motor Vehicle Theft make up the category of Crimes Against Property. Each will be considered separately in this section along with an analysis of the Non-Crime Index Offenses of Vandalism and Arson.

Property Crimes amounted to 520,416 incidents in 1979 or 90.7 percent of the total Crime Index Offenses. This figure reflects an increase of 5.0 percent as compared to the volume reported in 1978. In 1978, the number of Property Crimes reported totaled 495,863 or 90.6 percent of the Crime Index. Chart 7 depicts the long-range comparison trend of Crimes Against Property since 1970. The Crime Rate of this offense category is also illustrated, indicating an increase of 5.0 percent from 1978.

Crime Rate = Crime Index per 100,000 population.

CRIMES AGAINST PROPERTY ARRESTS

In 1979, there were 102,478 persons arrested for Crimes Against Property, representing 83.7 percent of the Crime Index Offenses Arrests. The 1979 figures show an increase of 0.7 percent as compared to 1978, when a total of 101,772 persons were arrested for Property Crimes. Males accounted for 79.2 percent of the 1979 total, and females accounted for 20.8 percent. Whiles arrested for property type offenses totaled 50,002 or 48.8 percent and Negroes totaled 46,558 or 45.4 percent. Further details of these arrests are presented in Table 15, including a comparison of the 1978 arrest figures.

Table 15

SEX	1978	1979	% of Change
Male	80,272	81,179	+ 1.1
Female	21,500	21,299	- 0.9
TOTAL	101,772	102,478	+ 0.7

At the end of the analysis of each Property Crime, there are several summary tables of data. Table 30 is the Annual Property Analysis by Offense, Table 31 is the Annual Property Summary by Place, and Table 32 is the Annual Property Summary by Property Type. The property summaries include the Crime Index Offenses, and the Non-Crime Index Offenses of Arson, Deception, and Vandalism; therefore, the total number of offenses shown on each does not correlate to the Crime Index totals.

BURGLARY

The Illinois Uniform Crime Reporting Program has two categories of Burglary: Burglary from Motor Vehicle and Burglary. The Burglary from Motor Vehicle is treated as Theft on the National level in the Index Crime called Theft/Larceny. In order to be consistent with the National Program, the Illinois statute for Burglary is divided in order to collect and disseminate statistics by State law. Data related to Theft will include Burglary from Motor Vehicle data.

Burglaries accounted for 131,607 offenses in 1979, or 25.3 percent of the Crimes Against Property. This figure represents an increase in volume of 5.7 percent as compared to 1978. The Crime Rate per 100,000 inhabitants for Burglary also increased from 1978 by 5.7 percent. Chart 8 illustrates the Burglary Comparison Trend since 1970 both in terms of volume and the Burglary Crime Rate.

Burglaries accounted for $76,250,027 worth of stolen property in 1979, an increase of $11,949,972 over 1978. Recovered property amounted to $5,169,471. Burglaries occurring in residences accounted for 55,731 incidents or 42.3 percent of the total. Daytime Burglaries accounted for 44.6 percent of the total; nighttime Burglaries accounted for 32.3 percent of the Burglaries; and 17.8 percent were unknown as to time occurred, i.e., the victim was away from home and upon discovery of missing property or a forcible entry, the crime could not be pinpointed. The remaining 5.3 percent of the total consists of Burglaries that resulted in no property loss or where no property analysis was included when the offense was scored.

Jewelry ranked highest in property value stolen, $8,841,832 followed by currency with $7,346,157 worth reported stolen.

1978	11,243,000	- 0.02	124,489	+ 2.6	1107.3	+ 2.7
1979	11,243,000	0.00	131,607	+ 5.7	1170.6	+ 5.7

Crime Rate = Crime Index per 100,000 population.

BURGLARY ARRESTS

Burglary Arrests (not including arrests for Burglary from Motor Vehicles) totaled 20,369 in 1979, a 1.1 percent decrease from 1978 when 20,586 persons were arrested for this Crime Index Offense. The 1979 figure accounts for 19.9 percent of the arrests for Crimes Against Property, and for 16.6 percent of arrests for Crime Index Offenses. Males arrested totaled 19,588 or 96.2 percent and females totaled 781 or 3.8 percent. Whites represented 52.2 percent of the total, Negroes represented 41.5 percent of the total, and all other races represented 6.3 percent of the total. Adults accounted for 10,578 arrests, or 51.9 percent and juveniles accounted for 9,791 arrests, or 48.1 percent. Further details on Burglary Arrests are presented in Table 16.

The I-UCR Program is assisting law enforcement agencies through the analysis of this and other crimes in terms of beat analysis, time of day of occurrence, analysis of persons arrested and residency, stolen property, and location analysis. Table 17 is such an analysis; it details Burglaries reported according to place and includes the stolen property values. Table 18 details Burglaries reported according to property type and value. The tables both show a total of 124,538 Burglaries while the Crime Index shows a total of 131,607 Burglaries. The difference of 7,069 consists of Attempted Burglaries which are not included on the property analysis reports, Burglaries that resulted in no property loss, and incidents reported as offenses with no property analysis included with the offense report.

THEFT

The category of Theft includes figures on Burglary from Motor Vehicle to maintain consistency with the National Program. There were 327,999 Thefts reported in 1979 representing 63.0 percent of the Crimes Against Property and 57.1 percent of all Crime Index Offenses. The number of Thefts increased by 4.3 percent as compared to the 1978 figures, thereby causing the Theft Crime Rate to increase to 2,917.4 per 100,000 inhabitants, an increase of 4.3 percent. Chart 9 depicts the Theft Comparison Trend, starting with the year 1970.

Chart 9

1979	11,243,000	0.00	327,999	+ 4.3	2917.4	+ 4.3

Crime Rate = Crime Index per 100,000 population.

THEFT ARRESTS

There were 75,095 arrests made for Theft and Burglary from Motor Vehicle in 1979, as illustrated in Table 19. This figure represents 73.3 percent of the arrests made for Crimes Against Property and 61.3 percent of the arrests made for Crime Index Offenses. It represents an increase of 2.7 percent as compared to the 1978 total of 73,118. Adults accounted for 47,547 arrests or 63.3 percent and juveniles accounted for 27,548 arrests or 36.7 percent. Males totaled 55,222 or 73.5 percent and females totaled 19,873 or 26.5 percent. Whites arrested represented 48.7 percent of the total, Negroes arrested represented 46.0 percent of the total, and all other races represented 5.3 percent of the total. Further comparisons can be seen in Table 19.

Table 19
THEFT ARRESTS

TOTAL	73,118	75,095	+ 2.7

SEX

	1978	1979	% of Change
Male	53,212	55,222	+ 3.8
Female	19,906	19,873	- 0.2
TOTAL	73,118	75,095	+ 2.7

In Table 20 on the following pages, an analysis of Theft by place is presented. This offense accounted for $63,374,250 in stolen property in 1979, a 17.3 percent increase over 1978. Daytime Thefts accounted for 30.4 percent of the total. Nighttime Thefts accounted for 16.8 percent, and the number of Thefts occurring at an unknown time accounted for 40.4 percent of the total. The remaining 12.4 percent of the total number of Thefts and Burglaries from Motor Vehicle are those incidents scored in this offense classification but were not accompanied with property analysis information. This discrepancy accounts for the difference in the total number of Thefts shown on the Crime Index, 327,999 and the number shown on the property analysis reports of 287,310.

Commercial businesses were the most frequent locations of Thefts in 1979, accounting for 27,023 or 8.2 percent of the total. Highways, streets, and alleys were the second most frequent locations accounting for 18,911 or 5.8 percent of the total. An analysis of Theft by Property Type indicates that currency had the highest value of stolen property at $5,638,848 followed by auto parts and accessories at $4,791,719. These two property classifications also ranked highest in value stolen in 1977 and 1978.

Tables 20 and 21, on the following pages, present an analysis of Theft by place and by Property Type.

BURGLARY FROM MOTOR VEHICLE

In 1979, Illinois law enforcement agencies, excluding Chicago Police Department, reported 33,747 Burglaries from Motor Vehicle. Chicago reports the crime statistics for the sub-category in the Theft/Larceny Offense classification and the figures are not broken down to differentiate the Burglaries from Motor Vehicle. The 1979 figure represents a decrease of 1.0 percent from the 34,100 incidents of this offense reported in 1978.

Tables 22 and 23 follow the Theft analysis by place and property, and present data collected on Burglary from Motor Vehicle. Table 22 is an analysis of this offense sub-category by Location and Table 23 is an analysis by Property classification. As in 1978, highways, streets, and alleys accounted for the highest place of occurrence, with 8,201 offenses, or 24.3 percent of the total. Tapes stand out as the most frequently stolen item, accounting for 47,808 tapes stolen or 19.3 percent of all items.

The total number of offenses listed above is 33,747 and the Offense Analysis reports in Tables 22 and 23 reflect a total of 32,122. The difference of 1,625 consists of Attempted Burglaries from Motor Vehicle, not included in these analysis reports, and incidents reported as this offense classification with no property analysis included with the offense report.

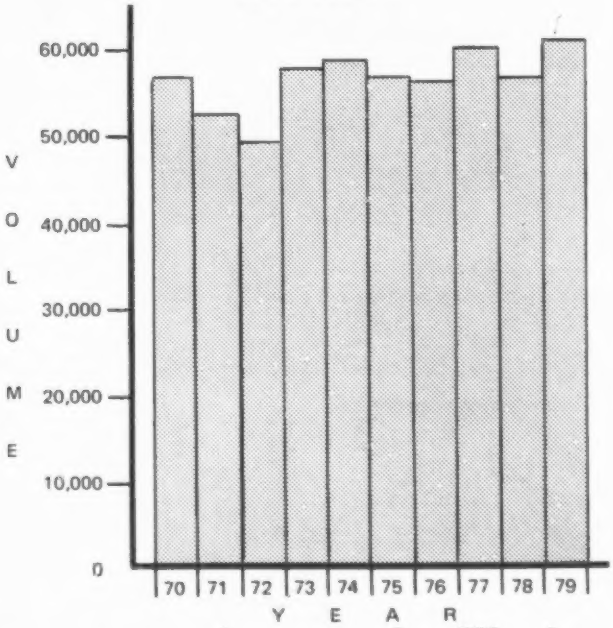
MOTOR VEHICLE THEFT

In 1979, Motor Vehicle Thefts totaled 60,810, an increase in volume of 6.8 percent from 1978. This figure represents 11.7 percent of the Crimes Against Property and 10.6 percent of all Crime Index Offenses. The Crime Rate for this crime classification was 540.9 offenses per 100,000 inhabitants, an increase of 6.8 as compared to the Crime Rate in 1978. Chart 10 illustrates the comparison trend for Motor Vehicle Thefts, beginning with figures from 1970.

The Motor Vehicle Theft analysis by place is presented in Table 25. The value of stolen vehicles amounted to $175,761,069 in 1979. Value recovered totaled $97,280,476 or 55.3 percent of the total value stolen. The percent distribution column indicates the largest number of motor vehicles were stolen from highways, streets, and alleys, at 14.2 percent, followed by 9.4 percent having been stolen from business parking lots.

Chart 10
MOTOR VEHICLE THEFT TREND
1970-1979



YEAR	POPULATION	% CHANGE	VOLUME	% CHANGE	CRIME RATE	% CHANGE
1970	11,113,976		57,551		517.8	
1971	11,182,000	+ 0.6	53,270	- 7.4	476.4	- 8.0
1972	11,244,000	+ 0.6	49,701	- 6.7	442.0	- 7.2
1973	11,176,000	- 0.6	57,776	+ 16.2	517.0	+ 17.0
1974	11,131,000	- 0.4	58,638	+ 1.5	526.8	+ 1.9
1975	11,145,000	+ 0.1	56,782	- 3.2	509.5	- 3.3
1976	11,229,000	+ 0.8	56,589	- 0.3	503.9	- 1.1
1977	11,245,000	+ 0.1	59,440	+ 5.4	528.6	+ 4.9
1978	11,243,000	- 0.02	56,937	- 4.2	506.4	- 4.2
1979	11,243,000	0.00	60,810	+ 6.8	540.9	+ 6.8

Crime Rate = Crime Index per 100,000 population.

The Crime Index indicates there were 60,810 incidents of Motor Vehicle Theft while Table 25 shows a total of 58,017. The difference of 2,793 consists of Attempted Motor Vehicle Thefts which are not included in the property analysis, and those incident reports for Motor Vehicle Theft that did not include property analysis information.

MOTOR VEHICLE THEFT ARRESTS

Persons arrested for Motor Vehicle Theft during 1979 totaled 7,014, a decrease of 13.7 percent from 1978. Whites arrested accounted for 40.0 percent of this total, Negroes arrested accounted for 50.7 percent, and all other races accounted for 9.3 percent of this total. Males represented 90.8 percent and females represented 9.2 percent of the persons arrested in this crime category. Further details are shown in Table 24.

VANDALISM

The term Vandalism is used in the National Program and includes a broad range of malicious behavior such as cutting auto tires, drawing obscene pictures on public walls, smashing windows, destroying school records, etc. It should be understood that the following statistics are not part of the Crime index but are presented because of general interest. The Chicago Police Department does not report these offenses; it reports arrest figures in the general Vandalism category and not by the specific Illinois statutes for Criminal Damage to Property as defined in the Glossary.

The Illinois Uniform Crime Reporting Program includes Criminal Damage to Property, Criminal Damage to Vehicle, Criminal Damage to State Supported Property, and Criminal Damage to Fire Fighting Apparatus in the data presented under the heading of Vandalism. There were 172,226 offenses of this classification reported in 1979. This figure represents an increase of 30,649 or 21.6 percent as compared to the total reported in 1978.

Table 27, on the following pages, depicts the Vandalism Analysis by Place. The most frequent location where Vandalism occurred in 1979 was highways, streets, and alleys, where 31,964 offenses were reported or 20.2 percent. Private residences were the second most frequent location, accounting for 28,416 offenses or 17.9 percent. The total value of property destroyed amounted to $22,767,018. Daytime incidents accounted for 63,460 offenses or 36.8 percent, nighttime incidents of Vandalism accounted for 63,426 offenses, or 36.8 percent. There were 31,448 offenses occurring at unknown times or 18.3 percent. The remaining 8.1 percent of the Vandalism total represents incidents reported in this offense classification that did not include property analysis information.

VANDALISM ARRESTS

The figures shown in Table 26 represent arrests made for Criminal Damage to Property, Criminal Damage to Vehicle, Criminal Damage to State Supported Property, and Criminal Damage to Fire Fighting Apparatus. Because Chicago Police Department only reports arrest statistics for the general category of Vandalism, this agency is represented in the arrest figures in Table 26 but not in the Vandalism offense figures.

There were 29,704 persons arrested for this crime category during 1979. Of this total, 60.8 percent were adults and 39.2 percent were juveniles. Males accounted for 91.9 percent of the arrests while females accounted for 8.1 percent of the arrests. Whites represented 71.6 percent of the total, Negroes represented 22.8 percent of the total, and all other races represented 5.6 percent of the total. Further details are displayed in Table 26.

Table 26
VANDALISM ARRESTS
1978/1979

RACE	1978	1979	% of Change
White	14,356	21,279	+ 48.2

ARSON

There is a growing concern over the amount of property damaged or destroyed as a result of Arson. The data presented in the following summary is not a part of the Crime Index. The Chicago Police Department does not report these offenses. It reports arrest figures, therefore this department is reflected only in the Arson Arrest data reported below. Arson is defined in the Glossary.

A total of 3,770 Arson offenses were reported in 1979, an increase of 18.5 percent over 1978 when 2,845 offenses were reported. Of the 3,770 offenses reported in 1979, 2,462 included property analysis information, with a total value of property destroyed amounting to $5,813,687. Of these 2,462 offenses, daytime offenses accounted for 27.1 percent, nightime offenses accounted for 58.3 percent, and the time of occurrence was unknown for 14.6 percent Table 29, presented on the following pages, is an analysis of Arson by place.

ARSON ARRESTS

The figures shown in Table 28 represent arrests made for Arson. The data includes arrests reported by Chicago Police Department. In 1979, there were 953 persons arrested for Arson, an increase of 27.1 percent over 1978 arrests which totaled 750. Adults arrested represented 457 or 48.0 percent of the total and juveniles arrested totaled 496 or 52.0 percent. Whites arrested represented 65.0 percent of the total, Negroes arrested represented 28.6 percent of the total and other races represented 6.4 percent of the total. Males accounted for 90.1 percent and females accounted for 9.9 percent of the total persons arrested for Arson.

SECTION II

CRIME INDEX
1979/1978

CRIME INDEX 1979/1978

The Crime Index for all law enforcement agencies, comparing statistics of 1979 to those of 1978, is illustrated in the following tables. The first table, Table 33, is in alphabetical order by county and law enforcement jurisdiction within the county. This table includes statistics reported by colleges and universities. The county totals include the data reported by the colleges and universities. Some of the agencies have a numeric indicator preceding the year. The meanings of the numeric indicators are located at the bottom of each page. A number 1—One or More Months Data Missing, means that agency did not submit one or more of the required monthly reports for one reason or another. A number 2—No Index Crimes, means that agency submitted all reports but experienced no Index Offenses throughout the year. A number 3—No Return From Agency, means the agency did not submit any of the required reports for the year indicated. A number 4—Reported Through Other Agency, means the agency submitted incidents of crime primarily through the Sheriff's Office.

It was mentioned in the Introduction that there are many social factors that are related to crime. In making community comparisons these contributing factors must be considered in addition to a community's residential population which is used to calculate the Crime Rate. Communities like Bedford Park and McCook in Cook County have very small populations but have very large moving populations because they are manufacturing areas.

Likewise, Rosemont in Cook County is located adjacent to O'Hare Airport and has a relatively large transient population due to the number of motels within the jurisdiction. As a consequence those large moving populations attract criminal behavior that occurs within these small jurisdictions, and therefore must be reported by each of the law enforcement agencies. The Crime Rate calculation does not compensate for a moving population and when one reads Index material it appears that the crimes are committed by the residents of the community which is not necessarily the case. In conclusion, caution should be exercised when reviewing and using these data.

The last page of the Crime Index shown in Table 33 contains four totals; viz., Sheriff's Offices, Police Departments, Universities, and State Totals. The State Total of the Crime Index Offenses indicates 5.0 percent increase in 1979 compared to 1978. The Sheriff's Offices Total shows a 13.5 percent increase in Crime Index Offenses and Police Departments total indicates a 4.3 increase in Index Crimes. The University Total shows a decrease of 1.2.

The State totals of each of the Crime Index Offenses are presented also. It should be noted that the total for Murder and Voluntary Manslaughter shows 1,194 whereas elsewhere, the total shows 1,199. In 1979, five homicides were reported by the Illinois State Police; this agency type is not reflected in the Crime Index Report.

The tables following the Crime Index display annual 1979/1978 comparison statistics for the Illinois State Police, the Illinois Division of Criminal Investigation, Railroad Police, Park District Police, Hospital Police, and other agencies.

STANDARD METROPOLITAN STATISTICAL AREAS (SMSA)

Standard Metropolitan Statistical Areas (SMSA's) are defined by the U. S. Bureau of the Census as follows:

> A Standard Metropolitan Statistical Area (SMSA) includes a city of more than 50,000 and the county in which the city is located plus other cities which exhibit strong ties with the city. The county sheriff's office is also included for crime reporting purposes.
>
> A Core City is within an SMSA and has a population of more than 50,000 or more inhabitants. In certain SMSA's there are "twin central cities" that have a combined population of 50,000 or more inhabitants and together are considered a core city.
>
> A Suburban Area consists of cities and towns with 50,000 or less population including the counties which are within the SMSA. The county sheriff's office is included in the suburban area.
>
> The Rural Area is the unincorporated portion of a county outside the SMSA's. For Illinois Uniform Crime Reporting purposes, the rural area is composed of the Sheriff's jurisdiction outside of the SMSA's.
>
> The Other Cities are urban places outside of the SMSA's. For Illinois Uniform Crime Reporting purposes, there are cities and towns outside the SMSA's, surrounded by rural areas that are not under the jurisdiction of the county sheriff's offices.

Figure 2 is a map of Illinois with the SMSA's outlined with heavy lines. Two of the SMSA's overlap with Iowa and Missouri. Areas outside of the State that are included in an SMSA are deleted from the statistics about to be presented.

SMSA SUMMARY

Table 39 represents summary statistics for 1979 versus 1978 for the Core Cities and Suburban Areas as defined above. These two areas reflect the SMSA data. The estimated population was 9,223,352 in 1979, accounting for 82.0 percent of the State population. The SMSA accounted for a total of 514,060 Index Offenses, or 89.6 percent of the State's Crime Index for 1979. Forcible Rape reflected the greatest change in increase, of 24.3 percent.

SMSA CORE CITY SUMMARY

Core Cities accounted for 4,822,563 inhabitants or 42.9 percent of the State's population and 52.3 percent of the population included in the Standard Metropolitan Statistical Areas. Core Cities accounted for 59.4 percent of the total SMSA Index Crimes and 53.2 percent of the State Index Crimes. Core Cities accounted for 82.9 percent of the Murders and Voluntary Manslaughters that occurred in 1979. Table 40 provides other statistics with regard to Core Cities.

SMSA SUBURBAN SUMMARY

Suburban Areas, like Core Cities, fall within the SMSA's. The suburbs are bounded by the SMSA lines by definition and are outside the Core Cities. Total Suburban Areas accounted for 4,400,789 inhabitants in 1979 which reflects 39.1 percent of the State population. The Crime Index increased 8.8 percent in volume in the suburbs in 1979 with Forcible Rape showing the largest increase, one of 27.4 percent. Table 41 presents further data relating to Suburban Areas for 1979 and compares these statistics to 1978.

RURAL AREA SUMMARY

Rural Areas showed an increase of 16.7 percent in the 1979 Crime Index as compared to 1978. Murder and Voluntary Manslaughter increased the most of the Crime Index offenses, by 50.0 percent, followed by Forcible Rape which increased by 22.0 percent. Rural Areas accounted for 975,370 inhabitants or 8.7 percent of the State population. The Index Crimes per 100,000 inhabitants, or the Crime Rate, for Rural Areas was 1,708.1 in 1979.

OTHER CITIES SUMMARY

The Other Cities consist of 199 cities outside the Standard Metropolitan Statistical Areas and within the Rural Areas. These cities account for 9.3 percent of the State's population and 7.4 percent of the 1979 Crime Index. The Crime Rate increased by 8.7 percent, with Forcible Rape showing the greatest change when compared to 1978, an increase of 31.9 percent.

SECTION IV

OFFENSE AND CLEARANCE DATA

1979/1978 OFFENSE SUMMARY

Offense data summarized on the State level is represented in the Offense Summaries shown in the following tables. Table 44 is the 1979 Offense Summary and Table 45 is that for 1978, printed for comparison purposes. The following briefly narrates the charts to assist the reader in interpreting them.

The first column contains the four digit offense code related to the *Illinois Revised Statutes*. The second column, entitled Offense Classification, contains the descriptors of each offense code. (The Offense Code Sheet utilized for I-UCR scoring procedures is reproduced in the Appendix for the reader's reference.) The third column represents the number of Offenses Known to Police. The fourth column, Unfounded, enumerates those offenses that, after investigation, were found to have not occurred. This column also indicates the percent of Unfounded Offenses, to assist the law enforcement agency in maintaining an awareness of the number of calls received for service for criminal activity which did not actually occur. The fifth column, Referred to Responsible Jurisdiction, indicates the number of calls that were received that were found to be beyond an agency's jurisdiction and hence, referred to the responsible jurisdiction. Column six, Offenses Actually Occurred, is calculated by adding the numbers in the Unfounded and Referred to Responsible Jurisdiction columns and subtracting this sum from the number of Offenses Known to the Police. These are the offenses that the police pursued with investigation and solution, and are used in the Crime Index.

The Offenses Cleared columns contain eight sub-columns. The first four sub-columns represent figures on those offenses exceptionally cleared. A case is exceptionally cleared when:

1. The investigation has definitely established the identity of the offender, and
2. There is sufficient information to support an arrest, charge, and prosecution of the offender, and
3. The agency knows the exact location of the offender so he can be taken into custody, and
4. There is some reason outside of police control that stops the police from arresting, charging, and prosecuting the offender.

Some examples of exceptional clearances are:

1. Suicide of the offender.
2. Double murder (two persons kill each other).
3. Deathbed confession (the person responsible dies after making a confession).
4. Offender killed by police or citizen.
5. Confession by offender already in custody or serving a sentence.
6. An offender prosecuted in another city for a different offense by State or Local authorities, or prosecuted in another city or state by the Federal Government for an offense which may be the same.
7. Extradition is denied.
8. The victim refuses to cooperate with the prosecution.
9. For some reason outside the agency's control, an offender is prosecuted for a less serious charge than that for which he was arrested.
10. The handling of a juvenile offender, either verbally or by written notice to parents, in instances involving minor offenses such as petty larceny. No referral is made to juvenile court as a matter of publicly accepted policy.

It is recognized that departmental policy in various police agencies permits the discontinuance of investigation and administratively closing of cases in which all possible investigation has been completed. This policy does not permit the offense to be cleared exceptionally. The recovery of property is not reason to clear a case for UCR purposes. The clearing of a case for I-UCR purposes should have no effect on the agency's internal policies for closing a case or discontinuing active investigation.

The column, Fail to File Complaint, is separated from all other exceptional clearances in order to give a clearer picture of those circumstances where the victim refuses to cooperate with the prosecution.

The column, Cleared by Arrest, is self-explanatory. Each of the clearance columns is divided into adult and juvenile sub-columns. The last column gives the total number of clearances and a percentage figure. The percentage figure is the Clearance Rate for that offense. The Clearance Rate is calculated as follows:

$$\text{CLEARANCE RATE} = \frac{\text{TOTAL OFFENSES CLEARED}}{\text{ACTUAL OFFENSES OCCURRED}} \times 100$$

At the end of each Offense Summary are five different totals. The Grand Total is the total of all activity. The *Total is the total number of incidents not necessarily included in National crime counts and are therefore subtracted for volume comparisons only with the National Program regarding all criminal activity. The Sub-Total (less*) is the total that should be used for comparison purposes. In addition, the Total Attempts to commit a crime are provided for information regarding incompleted crimes, followed by the Adjusted Total, which represents all activity less * and Attempts. The Sub-Total (less *) is used for the 1979 versus 1978 comparison of crime trends.

The Offense Summary Report is produced for each reporting agency on a monthly basis, and is summarized on the State level. The Crime Index Report presented previously is developed from this basic report. For example, Attempted Murder, Aggravated Battery, and Aggravated Assault added together, make up the Aggravated Assault category of the Crime Index of the National Program. The data is kept separate on the State level by State statute because the laws describe significantly different criminal behavior and are handled differently by the police and the prosecution.

** SUB-TOTAL DOES NOT REFLECT TWO MURDERS (0110) REPORTED BY THE CHICAGO - NORTHWESTERN RAILROAD.

AGE, SEX, AND RACE OF PERSONS ARRESTED AND HELD FOR PROSECUTION OR RELEASED

The total number of persons arrested for all offenses, including the Crime Index offenses, in 1979 was 791,218. In 1978 the total was 656,929; therefore, the 1979 figure represents an increase of 20.4 percent. Males arrested in 1979 totaled 663,911 or 83.9 percent; while females arrested totaled 127,307 or 16.1 percent. Adults represented 82.2 percent totaling 650,309 and juveniles represented 17.8 percent totaling 140,909. Whites arrested accounted for 497,703 persons or 62.9 percent. Negroes arrested accounted for 247,968 persons, or 31.3 percent, and all other races accounted for 45,547 or 5.8 percent. Further details of those persons arrested in 1979 as compared to the figures of 1978 are presented in Table 46.

The Arrest Rate is defined the same as the Crime Rate:

$$\text{Arrest Rate} = \frac{\text{Total Arrests} \times 100{,}000}{\text{Population}}$$

Using this formula, the Arrest Rate for Illinois in 1979 was

$$\frac{791{,}218 \times 100{,}000}{11{,}243{,}000} \quad \text{or} \quad \begin{array}{c}\text{7037.4 arrests per}\\ \text{100,000 inhabitants}\end{array}$$

In 1978 the Arrest Rate was 5,843 arrests per 100,000 inhabitants; therefore, the 1979 Arrest Rate represents an increase of 20.4 percent.

Utilizing any of the figures listed below in Table 45, the Arrest Rate can be computed. For example, for white inhabitants the Arrest Rate for 1979 was as follows:

$$\frac{497{,}703 \times 100{,}000}{{}^{*}9{,}713{,}952} \quad \text{or} \quad \begin{array}{c}\text{5,123.6 arrests per}\\ \text{100,000 inhabitants.}\end{array}$$

The Arrest Rate for Negro inhabitants in 1979 was as follows:

$$\frac{247{,}968 \times 100{,}000}{{}^{*}1{,}439{,}104} \quad \text{or} \quad \begin{array}{c}\text{17,230.7 arrests per}\\ \text{100,000 inhabitants.}\end{array}$$

*The 1979 estimated population for white inhabitants is 86.4% of the State population, and the estimated 1979 population for Negro inhabitants is 12.8%.

SECTION V

LAW ENFORCEMENT AGENCY INFORMATION

LAW ENFORCEMENT OFFICERS KILLED—1979

Six law enforcement officers were killed in Illinois in 1979; four by felonious acts and two by accident or negligence. In 1978 no law enforcement officers were killed feloniously; one officer was killed accidentally while in the line of duty. A summary of each 1979 case is reported below.

March

Two Chicago Police Department patrolmen were killed March 3, 1979, while returning to their patrol unit after making an unrelated traffic stop. An adult male approached the patrolmen by vehicle, exited and began firing a rifle at the patrolmen. One patrolman was killed immediately. The other patrolman, although wounded, was able to radio for assistance before being fatally wounded by the assailant. The assailant was subsequently arrested and charged with murder.

April

An Illinois State Trooper and a Paxton Police Department officer were shot and killed April 4, 1979. The trooper radioed his intention to stop three speeding vehicles. A fourth speeding vehicle was also involved. The Paxton officer responded to the scene. The Trooper and officer were shot with a .223-caliber rifle by the driver of the fourth vehicle who was killed by a second Paxton Police officer. Two passengers from these vehicles were arrested and taken into custody.

August

While investigating an automobile accident, on August 5, 1979, a Chicago Police Department officer was struck by another automobile, hit-and-run, traveling at a high rate of speed. When struck, the officer was standing by the side of a disabled automobile, checking the Vehicle Identification Number through the windshield. The officer died several days later of resulting injuries. A subject was later arrested and charged with reckless homicide.

December

On December 24, 1979, a Springfield Police Department patrolman, while in transit to a disturbance call to a local tavern, was killed in a single vehicle accident. The officer lost control of his vehicle, a prisoner transport van, on a rain-slick street and struck an abutment to a railroad overpass. The officer died of injuries suffered in the accident.

LAW ENFORCEMENT OFFICERS ASSAULTED/BATTERED

Table 47 is a summary of law enforcement officers assaulted or battered as reported during 1979. There are three major divisions of this table: (1) Type of Weapons Used; (2) Type of Assignment; (3) Police Assaults/Batteries Cleared.

The type of weapon refers to the offender's use of a weapon to assault or batter a police officer. The type of assignment means the deployment technique for partol and answering calls. For example, one column is headed "2-Man Vehicle"—2 men were assigned to a vehicle and this deployment technique accounted for 878 incidents of assault or battery against law enforcement officers. When a "1-Man Vehicle" was deployed with an assist from another "1-Man Vehicle," the assaults and batteries amounted to 409 incidents. The last column of the table displays "cases cleared by arrests" by type of activity. Table 47 indicates that in 1979, 1,742 cases were cleared by arrest out of 1,845 (first column total) cases that occurred.

Line 15, "Time of Assault," is divided into a.m. and p.m. Note that between the hours of 1000-1200 p.m. and 1200-0200 a.m., 615 incidents occurred, or 33.3 percent of the total during the 24 hour time span. The table also shows that the highest frequency of occurrence in Type of Weapons area was when answering distrubance calls followed by attempting other arrests, handling prisoners, and traffic stops.

LAW ENFORCEMENT EMPLOYMENT INFORMATION

Statistics gathered on law enforcement employment detail several types of agencies. The totals explained in the following section do not include police employment figures for colleges, universities, railroads, park districts, hospitals, or the Department of Law Enforcement. Tables 50, 51, 52, 53, and 54 provide a breakdown of employees for these various types of agencies. Tables 48 and 49, following this narrative, detail the summary figures presented below by individual police department and sheriff's office.

The number of sworn officers, full-time and part-time, employed by police departments and sheriffs' offices amounted to 29,015 during 1979. There were 5,597 civilian employees of police departments and sheriffs' offices. Of these totals, there were 27,973 sworn male officers and 1,042 sworn female officers. There were 1,633 males employed in civilian capacities and 3,964 female civilian employees.

During 1979, police departments employed 25,016 sworn males or 97.0 percent of the total sworn force. Females totaled 785 sworn officers or 3.0 percent of the sworn force. Civilians comprised 15.1 percent of the police work force, representing 4,577 of the 30,378 employees of police departments throughout the State.

The number of sworn employees of police departments per 1,000 inhabitants of Illinois was 2.7 during 1979.

Sheriffs' offices employed a total of 3,214 full-time and part-time sworn officers. Of this figure, 2,957 were males, or 92.0 percent of the total sworn force and 257 were females or 8.0 percent of the total sworn force. Civilians comprised 24.1 percent of the employees of sheriffs' offices, or a total of 1,020 persons. In sum, sheriffs' offices employed a total work force of 4,234 persons.

The number of sworn officers, both full-time and part-time, of sheriffs' offices per 1,000 inhabitants of the State is 1.6.

Calculation of employees per 100,000 inhabitants is accomplished by using this formula:

$$\text{EMPLOYMENT RATE} = \frac{\text{NUMBER OF EMPLOYEES} \times 1{,}000}{\text{JURISDICTIONAL POPULATION}}$$

Example:

A given department has 60 employees. What is the manpower ratio per 1,000 inhabitants where the population is 51,000 inhabitants?

$$\text{ER} = \frac{60 \times 1{,}000}{51{,}000} = 1.2 \text{ per 1,000 inhabitants}$$

If the number of full-time sworn officers per 1,000 inhabitants is needed, the above formula is utilized, scoring the number of full-time officers for the number of employees.

Law enforcement employees per 1,000 inhabitants should not be used in relation to the Index Crimes because non-index offenses and the many services performed by the typical law enforcement officer amount to over 80 percent of the officer's workload. The details of this workload usually remain unpublished. Again, each community should consider all the factors related to the causes of crime and determine the role of the law enforcement department relative to crime and to services that are required.

GLOSSARY

GLOSSARY

The Crime Index Offenses are defined below, as listed in the Illinois Revised Statutes, Chapter 38, in alphabetical order.

Aggravated Assault
12-2 § 12-2.

(a) A person commits an aggravated assault, when, in committing an assault, he:

(1) Uses a deadly weapon.

Other sub-paragraphs of this statute are accounted for in the I-UCR Program under a sub category in order to be consistent with the National Program. The intent here is to threaten great bodily harm both at the State and National level regarding Index Crimes. Aggravated Battery is the furtherance of the Assault whereby physical contact is made resulting in great bodily harm.

Aggravated Battery
12-4 § 12-4.

(a) A person who, in committing a battery, intentionally or knowingly causes great bodily harm, or permanent disability or disfigurement commits aggravated battery.

(b) Uses a deadly weapon.

(c) A person who administers to an individual or causes him to take, without his consent or by threat or deception, and for other than medical purposes, any intoxicating, poisonous, stupefying, narcotic or anesthetic substance commits aggravated battery.

Armed Robbery
18-2 § 18-2.

(a) A person commits armed robbery when he violates Section 18-1 while armed with a dangerous weapon.

Burglary
19-1 § 19-1. A person commits burglary when without authority he knowingly enters or without authority remains within a building, house trailer, watercraft, aircraft, motor vehicle as defined by the Illinois Vehicle Code, railroad car, or any part thereof, with intent to commit therein a felony or theft.

Motor Vehicle Theft
(See the definition of Theft below.)

Murder
9-1 § 9-1.

(a) A person who kills an individual without lawful justification commits murder if, in performing the acts which cause the death:

(1) He either intends to kill or do great bodily harm to that individual or another, or knows that such acts will cause death to that individual or another; or

(2) He knows that such acts create a strong probability of death or great bodily harm to that individual or another; or

(3) He is attempting or committing a forcible felony other than voluntary manslaughter.

Rape
11-1 § 11-1.

(a) A male person of the age of 14 years and upwards who has sexual intercourse with a female, not his wife, by force and against her will, commits rape. Intercourse by force and against her will includes, but is not limited to, any intercourse which occurs in the following situations:

(1) Where the female is unconscious; or

(2) Where the female is so mentally deranged or deficient that she cannot give effective consent to intercourse.

(b) Sexual intercourse occurs when there is any penetration of the female sex organ by the male sex organ.

Robbery
18-1 § 18-1.

(a) A person commits robbery when he takes property from the person or presence of another by the use of force or by threatening the imminent use of force.

Theft
16-1 § 16-1. A person commits theft when he knowingly:

(a) Obtains or exerts unauthorized control over property of the owner: or

(b) Obtains by deception control over property of the owner; or

(c) Obtains by threat control over property of the owner; or

(d) Obtains control over stolen property knowing the property to have been stolen by another or under such circumstances as would reasonably induce him to believe that the property was stolen, and

(1) Intends to deprive the owner permanently of the use or benefit of the property; or

(2) Knowingly uses, conceals or abandons the property in such manner as to deprive the owner permanently of such use or benefit; or

(3) Uses, conceals, or abandons the property knowing such use, concealment or abandonment probably will deprive the owner permanently of such use or benefit.

Voluntary Manslaughter
9-2 § 9-2.

(a) A person who kills an individual without lawful justification commits voluntary manslaughter if at the time of the killing he is acting under a sudden and intense passion resulting from serious provocation by:

(1) The individual killed, or

(2) Another whom the offender endeavors to kill, but he negligently or accidentally causes the death of the individual killed.

Serious provocation is conduct sufficient to excite an intense passion in a reasonable person.

(b) A person who intentionally or knowingly kills an individual commits voluntary manslaughter if at the time of the killing he believes the circumstances to be such that, if they existed, would justify or exonerate the killing under the principles stated in Chapter 38, Article 7, but his belief is unreasonable.

Other Offenses

Arson
20-1 § 21-1. A person commits arson when, by means of fire or explosive, he knowingly:

(a) Damages any real property, or any personal property having a value of $150 or more, of another without his consent; or

(b) With intent to defraud an insurer, damages any property or any personal property having a value of $150 or more.

Property "of another" means a building or other property, whether real or personal, in which a person other than the offender has an interest which the offender has no authority to defeat or impair, even though the offender may also have an interest in the building or property.

Criminal Damage to Property
21-1 § 21-1. Any of the following acts, except any act described in paragraph (g), is a Class A misdemeanor and any act enumerated in paragraph (a) or (f) when the damage to property exceeds $150 is a Class 4 felony;

(a) Knowingly damages any property of another without his consent; or

(b) Recklessly by means of fire or explosive damages property of another; or

(c) Knowingly starts a fire on the land of another without his consent; or

(d) Knowingly injures a domestic animal of another without his consent; or

(e) Knowingly deposits on the land or in the building of another, without his consent, any stink bomb or any offensive smelling compound and thereby intends to interfere with the use by another of the land or building.

(f) Damages any property, other than property described in Subsection 20-1(3), with intent to defraud an insurer.

(g) Knowingly shooting of a firearm at any portion of a railroad train is a Class 4 felony.

Criminal Damage to State Supported Property
21-4 § 21-4. Any of the following acts is a Class A misdemeanor when the damage to property is $500 or less, and any such act is a Class 4 felony when the damage exceeds $500:

(a) Knowingly damages any property supported in whole or in part with State funds or Federal funds administered or granted through State agencies without the consent of the State; or

(b) Knowingly, by means of fire or explosive damages property supported in whole or in part with State funds or Federal funds administered or granted through State agencies; or

(c) Knowingly starts a fire on property supported in whole or in part with State funds or Federal funds administered or granted through State agencies without the consent of the State; or

(d) Knowingly deposits on land or in a building supported in whole or in part with State funds, or Federal funds administered or granted through State agencies without the consent of the State, any stink bomb or any offensive smelling compound and thereby intends to interfere with the use by another of the land or building.

CRIME IN ILLINOIS 1979

ERRATA SHEET

The 1979 Crime Index figures for Springfield Police Department are incorrect as presented on page 120, Table 33. The corrected figures listed below reflect the adjustments and the affected Crime Index categories.

	TOTAL CRIME INDEX	*MURDER*	*ROBBERY*	*BURGLARY*	*THEFT*	*MOTOR VEHICLE THEFT*
Springfield P.D.	*9,097*	*6*	*273*	*3,482*	*4,587*	*273*
Sangamon County Total	*11,821*	*10*	*324*	*4,567*	*5,890*	*402*
Police Dept. Totals	*510,373*	*1,118*	*21,363*	*111,491*	*292,608*	*56,669*
State Totals	*572,560*	*1,193*	*22,060*	*130,525*	*327,837*	*60,760*

All other tables and analyses presented in this publication have not been adjusted.

The 1978 State Totals for Murder and Voluntary Manslaughter as published on page 133, Table 33, should be 1,150; increasing the Total Crime Index offenses to 545,874. The State Total 1979/1978 percent change for Total Crime Index offenses should be +5.0 on page 132 and page 133 of Table 33.
